TESTIMONIALS

WHAT OUR CLIENTS ARE SAYING ABOUT US...

"We had heard good things about Nightingale Homecare, but our experience was so much better than we could have ever hoped for. All the caregivers treated Dad with the respect and dignity he deserved."

"Even though my call turned out to be a 'false alarm,' it took no time at all to hear back from Kim. She didn't have to come out, but to ease my anxiety, she did. The reassurance your staff provided me is indescribable. Thank you for always being there!"

"I would like to let you know how pleased our family is with the caretakers you send to our home. They are all wonderful in the care that they give our head-injured son."

"I made one call in the morning to your agency to ask about service for my Aunt. By that afternoon she had nurses, a therapist, and a hospital bed. Aunt Rose slept better that night than she had in probably three years. Thank you Nightingale!"

OUR MISSION

Our Mission at Nightingale Homecare is to be the home care company of choice for patients, employees, physicians and referral sources by providing quality, compassionate care in the community we serve.

HOME CARE AT ITS FINEST... IN TIME HONORED TRADITION.

Just as Florence Nightingale changed the world with her concern for compassionate care, our staff believes in the same philosophy and dedication to promote comfort and healing for our clients.

"Nursing is an art, and if it is to be made an art, it requires as exclusive a devotion, as hard a preparation, as any painter's or sculptor's work; for what is the having to do with dead canvas or cold marble, compared with having to do with the living body-the temple of God's spirit? It is one of the Fine Arts; I had almost said, the finest of the Fine Arts."

—Florence Nightingale

Remember our namesake Florence Nightingale, when you or a loved one need quality, compassionate home care.
